UNITED STATES GOVERNMENT

TO Director, FBI
FROM SAC, San Diego (100-0)
SUBJECT THE PUBLICATION "ONE"
SECURITY MATTER*

DATE May 21, 1953

On May 19, 1953, Confidential Informant [redacted] of known reliability who is a sex deviate contacted SA [redacted]. The Informant made available a copy of a Publication entitled "ONE".

b2 [Finn, Call]
b7D or L vcs
b7C

Review of the Publication reflects it is published in Los Angeles, California. The mailing address is P.O. Box 5716, Los Angeles.

Further review of the Publication indicates it is written for Sex Deviates.

The Bureau's attention is directed to Pages 9 and 10 of the publication. The article is entitled "Are You Now or have you ever been a Homosexual". The paragraph in question reads in part as follows: "An example will help to illustrate this. In one of our West Coast Cities, a year or so ago, one of the airlines companies employed the FBI to do a thorough investigation of the private lives of its employees. A large percentage of the office staff were suspected of being homosexual. Called in to face an investigator and management one at a time, each employee was asked point blank 'Is it true you're a homosexual?' When several refused to answer without being given definite proof of accusation, the FBI investigator simply referred to the loyalty signed by the employee on his application form and said, 'Will you re-affirm this oath?' When the victim re-affirmed it, then he was smugly informed that he had waived his rights under the constitution to refuse to answer concerning his alleged homosexuality.——".

[redacted] suggested that evaluation of the entire article, a part of which is quoted above, indicates that the writer of the article at least is pro-communist.

The publication is enclosed for the Bureau's information. A copy of this letter is designated for the Los Angeles Office for its information since the publication is apparently published within that Division.

No investigation is being conducted by this office.

organization of homosexuals. SF [] stated that this organization originated in the Los Angeles, California Area and in addition to the chapter being formed in San Francisco there already was in existence two chapters in Berkeley and one in Oakland. SF [] declared that the leader of the chapter in the San Francisco Bay Area region was [] (PH), a professor who had been dropped from the pay roll at the University of California, Berkeley, California, for refusal to sign a loyalty oath.

(Brissette?)

San Francisco [] of known reliability, advised on July 7, 1953 that [] a professor at the University of California, Berkeley, California, refused to sign his contract in September, 1950 (exact reason for refusal unknown) but on September 1, 1952, [] contract at the University of California was renewed until June 30, 1953. [] present status is unknown.

b2

b7D

b7C

SF [] said that the Mattachine Foundation was having weekly meetings in San Francisco and usually there would be approximately thirty to thirty-six homosexuals in attendance. SF [] advised that to (his) knowledge nothing subversive was discussed and very little was accomplished because the homosexuals became too involved in discussing their own problems of adjustment to the world about them.

b2

b7D

SF [] stated that on the evening of May 27, 1953, the San Francisco Branch of the Mattachine Foundation met at an apartment on [] around the corner from [] Union Street. At this meeting thirty-two homosexuals were in attendance, three of whom were Lesbians. SF [] said that present at this meeting was a uniformed Coast Guardsman from Government Island, Alameda, California and a Marine Corps Korean veteran (civilian clothes). SF [] was able to provide a description of the chairman of this meeting as follows:

PREAMBLE

"We the members of the MATTACHINE SOCIETY in full awareness of our social obligation as members of the human community hold it necessary that a highly ethical homosexual culture be integrated in society; and, whereas, the present laws of many lands are discriminatory and limit the best expression of the culture; and, whereas we are resolved that those people shall find equality; and, whereas we desire to spread knowledge of the aims and aspirations of this _____ through mutual education of its membership and of society, we, therefore, hereby resolve.

ARTICLE I

Section I:

"The Society shall be comprised of persons who are duly initiated members of a chartered chapter.

Section III:

"Members shall be admitted regardless of race, color or creed. No provision shall be made to destroy the anonymity of any member without permission.

RESOLUTION

"Whereas this organization is neither political nor sectarian and whereas we believe that our group can only achieve the social integration which it takes within the framework of a free society; and, whereas we find it especially significant that the most brutal and restrictive laws against homosexuals occur in those countries like Russia, where freedom of the individual is most severely limited; and whereas those who attack the basic freedom of the individual in this country, both of the extreme right and the extreme left, have been the most bitter enemies of the homosexuals we, therefore, resolve to pledge ourselves to fight racial, religious and sexual discrimination within and outside the organization."

SF [1] advised that the members of the Mattachine Society felt that the FBI would eventually investigate them; therefore, they planned to make the public aware of their organization by getting [redacted] columnist for the "San Francisco Examiner" to mention their organization in his column.

b2
b7D
b7C

San Francisco [3] of unknown reliability but who was in a position to know, provided substantially the same information as SF [1] on May 29, 1953, with respect to the above-mentioned organization. In addition to the above, however, SF [3] was able to state that the Mattachine Foundation had been in existence for a long while in Los Angeles, California. He stated that there was a movement afoot in Los Angeles to break away from the Mattachine Foundation and establish the Mattachine Society. According to SF [3] the break away was being occasioned by the feeling that there were two leaders of the group (names unknown) suspected of being pro-Communist. SF [3] stated that the organization was definitely not subversive and that the aim of the organization was to educate legislators and educators with respect to homosexuality in order that homosexuals would not be discriminated against and by allowing homosexuals to better adjust themselves to society.

[Finn]

On May 28, 1953, SF [1] provided the writer with the April, 1953, issue of a monthly magazine entitled "One" which is published by One, Inc., Post Office Box 5716, Los Angeles, California." This issue was almost exclusively devoted to an article entitled "Are You Now Or Have You Ever Been a Homosexual? An Analysis of Today's Most Versatile Word: 'Loyalty.'" Pertinent portions of the article are set forth as follows:

[a woman]

b2
b7D

".....It is at this point that the principle and policy of the Mattachine Foundation enters the picture. It is true that the Foundation chooses to consider itself strictly non-partisan and non-political in its objective and in its operations and activities.....The Mattachine Foundation

deliberately put itself squarely in opposition to a dominant section of the status quo and elects to become a victim of the myriad implications and slanders derivative of that opposition.

"To visualize the depth and scope of this opposition clearly, we must recall the victims of the Un-American Activities Committee's purge of the State Department in the late summer and fall of 1949, - a purge which spread to the Agriculture Department, the Departments of the Interior, of Labor, and of Commerce, in 1950, 1951 and 1952. In the first big juicy blast to hit the headlines, it was disclosed that 96 perverts had been purged from the State Department. What was hidden on back pages and in subsequent minor releases, was the indictment and the far-reaching policies and administrative decisions emanating from that indictment. The indictment was horrifying in its complete lack of justification other than fantasy and hysteria. It stated bluntly that homosexuals, typified by either their personal inclinations and/or their associations, must be considered as basic security risks and thereby unemployable by the government or by any enterprise either public or private who might be dealing with the government, because their personal lives and/or associations laid them wide open to blackmail by a foreign power.

".....In one of our West Coast cities, a year or so ago, one of the airlines companies employed the FBI to do a thorough investigation of the private lives of its employees. A large percentage of the office staff were suspected of being homosexual. Called in to face an investigator and management one at a time, each employee was asked point blank, 'Is it true that you're a homosexual?' When several refused to answer without being given definite proof of accusation, the FBI investigator simply referred to the loyalty signed by the employee on his application form and said, 'Will you re-affirm this oath?' When the victim re-affirmed it, then he was smugly informed that he had waived his rights under the Constitution to refuse to answer concerning his alleged homosexuality. All those found to be homosexual were summarily fired as basic security risks under the State Department indictment.....

".....In taking such a stand as a body, and by simultaneously re-affirming its basic principle of aligning itself with, and participating in, no partisan political action whatsoever at any time, the Foundation is declaring that it hereby reserves the right to advance suggestions, to criticize, and to evaluate at any and at all times the status quo between the begrudging community majority and the contending coalition of the homosexual minority with its summer soldiery of sympathizers....."

ENCLOSURE: To the Bureau the April, 1953 edition of "One."

Copies of this report are not being designated for military intelligence agencies in view of the lack of identifying information for the two military personnel concerned in this report and in view of the loose connection on the part of the Mattachine Foundation and Communism.

The Los Angeles Office is being designated as office of origin in this case because the Mattachine Foundation is reported to have originated in Los Angeles.

The character of this report is designated as Internal Security - C because the allegations against the Mattachine Foundation were that the foundation might be Communist dominated or controlled. It is felt, however, that the Mattachine Foundation is not a Communist organization.

Perusal of the April 1953 issue of the publication "One" reflects the following in the article "Are You Now or Have You Ever Been a Homosexual?", which is quoted extensively commencing on page 27 of rerep:

"An example will help to illustrate this. In one of our West Coast cities, a year or so ago, one of the airlines companies employed the FBI to do a thorough investigation of the private lives of its employees. A large percentage of the office staff were suspected of being homosexual. Called in to face an investigator and management one at a time, each employee was asked point blank, 'Is it true that you're a homosexual?' When several refused to answer without being given definite proof of accusation, the FBI investigator simply referred to the loyalty oath signed by the employee on his application form and said, 'Will you re-affirm this oath?' When the victim re-affirmed it, then he was smugly informed that he had waived his rights under the Constitution to refuse to answer concerning his alleged homosexuality. All those found to be homosexual were summarily fired as basic security risks under the State Department indictment. Several who denied being themselves homosexuals were subsequently fired because they associated with homosexuals. All in all, it is estimated that nearly 75% of the most competent technicians of this company's office were fired and of course blacklisted simply because they had allowed themselves to be tricked into relinquishing their traditional protections as American Citizens. We must remind ourselves that constitutional guarantees, like civil rights, are not divisible. If they are not good for some, then they are of no value to anyone."

The letter and questionnaire are as follows:

"THE MATTACHINE FOUNDATION, INC.
P.O. Box 2833, Terminal Annex
Los Angeles, Calif.

"SUBJECT: REQUEST FOR INFORMATION
"TO: CANDIDATES FOR MAYOR, CITY COUNCIL AND
BOARD OF SUPERVISORS

"The Mactachine Foundation is a non-partisan service council devoted to the social objective of integrating with the purposes and requirements of the community the enormous potential of valuable civic contributiveness and concern of such ill-understood social minorities as the homosexuals. If only a conservative percentage of Dr. Alfred Kinsey's testimony before the 1951 California State Legislature's Interim Committee is conceded, there are at least 150,000 such persons in the Los Angeles area alone. Though the Foundation's policy strictly limits the Council's position to that of non-partisan editorship on any issue, it welcomes any opportunity to disseminate as many variant and/or opposing partisan opinions as can be engendered. It is fully confident that the wider the forum on any controversy, the more constructive the Community's resolution on that issue.

"There is a growing body of evidence to indicate that the Los Angeles Police are assigned to deliberate practices, with regard to the Homosexual Minority, which in Federal, State, and Municipal Courts, other than those of the Los Angeles Area, are considered explicitly unlawful. Quota assignments, decoys detailed specifically to entrap, invasions of privacy by fraudulent means, searches-seisures-and arrests without due process of law, arraignments handled in coercive and unconstitutional procedures, -- even though they are harassments aimed at a Minority who can be counted on to hide these civil infractions at all costs, - such illegalities can be characterized as corrosive factors not only in police administration, but as factors conducive to further corruptions within the general administration as well.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"In the best public interests of the Community at large, as well as in the best interests of the 150,000 Homosexuals pertinently concerned, The Mattachine Foundation invites your expression on these matters. As a candidate for a public office whose duties include responsibility for the further growth of the Community's social health, what are your opinions on the following issues: -

- "1. Do you favor the continuance of the quota assignments currently issued to members of the Vice Squad Detail?

No _____ Yes _____

(Give reason)

- "2. Do you favor the continuance of the practice of planting decoys for the purposes of entrapment?

No _____ Yes _____

(Give reason)

- "3. Do you favor the confiscation of address books and telephone memos in such cases?

No _____ Yes _____

(Give reason)

- "4. Do you favor arrests of this nature without issuance of duly certified warrants?

No _____ Yes _____

(Give reason)

- "5. Do you favor Police Court Arraignments wherein, in disregard of the procedures detailed in the California State Law, persons are commanded to plead to charges which are neither read, nor prepared by the City Attorney's office, nor attested to by representatives of the Community?

No _____ Yes _____

(Give reason)

- "6. If elected, what policies might you be expected to propose in regard to these matters?

~~CONFIDENTIAL~~

LA 100-45888

"7. If you are unfamiliar with any of the items indicated above, upon being elected what might you be expected to do in these matters?

"The Foundation wishes to assure you that any opinions which you present will be published exactly as they were queried above and as you answered them.

"Thanking you in advance for your consideration of these issues, we are

"Yours very truly,

"The Mattachine Foundation, Inc."

[Coates] advised that ^{(P)u} the aforementioned post office box 2833, Terminal Annex, Los Angeles, California, was subscribed to by Mrs Henry Hay

b2

b7C

On March 12, 1953, there appeared in the Los Angeles Mirror, a newspaper of general circulation, in the column of PAUL V. COATES, an account of the circulation by the Mattachine Foundation, Inc. of the aforementioned questionnaire to the candidates for councilman, etc., followed by an account of COATES' effort to identify the principals in the organization as follows:

"The letter lists a Miss Romaine Cox as secretary-treasurer of Mattachine, Inc. It gives the Foundation's address as P.O. Box 2833, Terminal Annex.

"This postal box is registered to Mrs. Henry Hay, an elderly lady, who is a director of the group.

"I spoke with her yesterday.

"We started three years ago," she told me. "Then we incorporated. Now we're building groups in every community. There are many thousands of members."

LA 100-45888

"But it's an odd thing. I checked the State Division of Corporations and the County Clerk's offices. There is no record of a Mattachine Corporation. X

"Mrs. HAY seemed particularly vague when I asked where I might locate Miss COX. She hung up promising to have another member call me.

"He did, a few moments later. But he also was unable to tell me where Miss COX could be reached.

"That's odd, too. The Mattachine Foundation survives by donations from interested parties. This elusive lady is the treasurer.

"If I belonged to that club, I'd worry.

"I learned that the articles of incorporation were drawn up by an attorney named FRED M. SNIDER, who was an unfriendly witness at the Un-American Activities Committee hearings. SNIDER is the legal adviser for Mattachine, Inc.

"The organization's unusual name was derived from the Societe de Matsachines, a troupe of jesters in medieval France, who fought for civil reforms.

"COULD BE ANYTHING

"This modern, American version could be many things. Perhaps it's just another weird outcropping of election time. Or, it might be a group of responsible citizens, seriously concerned with a tragic social problem.

"Then again, it could be a device for gathering a strong bloc of votes. That's not as fantastic as it sounds.

"Mattachine's figures of 150,000 to 200,000 homosexuals in our area were no idle guess. They were taken from the Kinsey Report and the findings of the State Interim Committee on Sex Deviation.

"Homosexuals have been found to be bad security risks in our State Department. They're a scorned part of the community. X 7

"It's not inconceivable that they might band together for their own protection. Eventually they might swing tremendous political power.

"A well-trained subversive could move in and forge that power into a dangerous political weapon.

"To damn this organization, before its aims and directions are more clearly established, would be vicious and irresponsible.

"Maybe the people who founded it are sincere. It will be interesting to see."

Content of "One"

A few of the articles in the available issues of "One" are commented on below:

The April, 1953, issue contains on Page 3 an article entitled "To Be Accused Is to Be Guilty," which is an account by an unidentified woman who claims employment by a private relief organization in Germany and who had previously had psychiatric treatment for a homosexual problem. She charged that she had been excluded from Germany and sent home by the private relief organization on a threat by the State Department to advise the military authorities in West Germany of her record.

On Page 5 of the April, 1953, issue, there appears an article entitled "Are You Now or Have You Ever Been a Homosexual?" It is as follows:

"PROPOSALS FOR AMENDMENTS TO THE MATTACHINE FOUNDATION BY-LAWS: concerning public statements and attitudes on partisan issues, and concerning security responsibilities of Foundation members to their supporters in the Community at large.

"One of the Foundation's recent mail inquiries said, in part, 'if you can prove that you are 100% pro-American, and 100% anti-Communist, please send me, etc....' Here precisely is the horn of our dilemma. As Harry Bridges, whose perjury conviction

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

appeal was recently accepted for review by the Supreme Court, said in regard to his accusers, 'How do you prove that you are not what you are not?' How, indeed! How do I prove my good faith to someone who wants to believe me a fraud? How do you prove you're a God-fearing soul to a group who declare that you consort with the devil? It was exactly that impossibility of disproving intangible accusations, in the fact of 'a priori' dictums, decisions made prior to a hearing or trial, which led our American forefathers to outlaw once and for all . . . the hated inquisition's pattern of assuming a man guilty until he proved himself innocent. Our forefathers reversed the principle, by the Fifth Amendment to the Constitution of the United States, thus initiating the principle that a man was innocent until proven guilty by others beyond the shadow of a doubt.

"If we can PROVE we are 100% anti-Communist . . . What does this mean? If we are to believe the divergent editorial generalities of such papers as the Los Angeles Mirror, whose feature writer PAUL COATES is himself the source of the current slurs against our Missions and Purposes, - what would we find? We would find that if a person were a believer in low-cost public housing, - if a person ever signed a petition to end lynching in the South or to end restrictive covenants in California, - if a person had attended Wallace-for-President rallies in 1948, - if a person objected to anti-Semitic outbreaks or if he had written a letter to congress urging the free State of Israel in 1948, - if a person were one of the 80,000,000 warm supporters of Mr. ROOSEVELT's war-time international agreements, - if a person had been anti-Nazi or anti-Franco in 1939, - we would be informed by this or that feature writer of the press that all such persons previously described were either Communist-led or Communist-dominated by association. In the absence of a clear analytical definition of a Communist, - in the absence of any clear definition between acts and attitudes of Progressives, Liberals, and Humanitarians, as distinguished from Communists, - we would be forced to conclude that, in brief, anyone not 100% anti-humanitarian, and 100% pro the present political status-quo (whatever it might happen to be), is Communist by inspiration or by application. To be 100% pro-American then, one is required to be not only 100% anti-New Deal but also 100% anti-homosexual.

~~X~~ ~~CONFIDENTIAL~~

"It is at this point that the principle and policy of the Mattachine Foundation enters the picture. It is true that the Foundation chooses to consider itself strictly non-partisan and non-political in its objective and in its operations and activities. But the Foundation is simultaneously committed to the opinion that the continued health and welfare of the Community generally is integrally contained in the shape of a new scientific understanding, a new appreciation free from taboos and baseless distortions, for the considerable Homosexual Minority. The Foundation is sincerely convinced that the American Community, through its age-old self-educational tradition of the town-hall debate, will move forward to a welcome integration of that Minority once the vehicle for debate has been made and carried out. The Foundation conceives of its function as the instrument to help develop and disseminate the channels of that debate. But in the very raising of the need for such debate, The Mattachine Foundation deliberately put itself squarely in opposition to a dominant section of the status quo, and elects to become a victim of the myriad implications and slanders derivative of that opposition.

"To visualize the depth and scope of this opposition clearly, we must recall the victims of the Un-American Activities Committee's purge of the State Department in the late summer and fall of 1949, - a purge which spread to the Agriculture Department, the Departments of the Interior, of Labor, and of Commerce, in 1950, '51, '52. In the first big juicy blast to hit the headlines, it was disclosed that 96 perverts had been purged from the State Department. What was hidden on back pages and in subsequent minor releases, was the indictment and the far-reaching policies and administrative decisions emanating from that indictment. The indictment was horrifying in its complete lack of justification other than fantasy and hysteria. It stated bluntly that homosexuals, typified by either their personal inclinations and/or their associations, must be considered as basic security risks and thereby unemployable by the Government, or by any enterprise either public or private who might be dealing with the Government, because their personal lives and/or associations laid them wide open to blackmail by a foreign power.

CONFIDENTIAL

~~CONFIDENTIAL~~

"It is notable that not one single political or pressure group among the liberals, let alone the left wing, lifted either voice or finger to protest the monstrous social and civil injustice and sweeping slander of this dictum. The complete hostility with which the Minority was surrounded by this indictment was a clear barometer of the outright antipathy unitedly maintained by every color of political opinion. It is significant to not that no alarm was raised then ... or since ... and no purge directed, at married heterosexuals with a weakness for bulging busts, blonde secretaries, or National Hop-Week Queens. It is equally interesting to note that homosexual spies are not even plausible enough for the comic-book intellect, altho new Mata Haris hatch from capsules in each new issue.

"Of the original 96 purged, not all were themselves homosexual. The Indictment specified not only homosexuals but also persons who might number homosexuals among their acquaintances. One might comment that if the Armed Services estimation of 13% is at all accurate, how many persons from EISENHOWER down know more than 8 people, DON'T number at least one homosexual amongst their acquaintances? During this purge, new procedures were advanced, tested, modified . . . and incorporated into the McCarran Act a year later and thus made legal culture of the land. Such procedures were . . . that the accused must prove himself innocent of charges anonymously preferred, and of charges whose details and particulars need not be specified. Put yourself in a purgee's position. Someone, whose name is being "protected" from you has described an activity of yours, the details of which you may not inquire. All you have to do is to prove you couldn't have done the "unspecified" thing because you aren't that kind of a person. Thus you are not disproving something done but something that you are or are not. You must disprove a status, not an act. It cannot be over-emphasized that the accusatory methods employed currently against persons being guinea pigs anonymously charged as being homosexual or at least pro-homosexual. All the accused had to do was to prove, to people who were not inclined to believe him, that he wasn't what he wasn't, or that he wasn't what his associates weren't. In the absence of clear cut definitions, in the absence of knowing his accuser, in the absence of knowing even the details upon which the accusation

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

is based, a person has as little chance of proving innocence of something some unknown person said was pro-Communist or that someone said was pro-homosexual . . . as Joan of Arc had in proving her innocence before the Inquisition.

"The purge fever against homosexuals, and against those who might have personal or social associations with homosexuals, spread from the State Department to every department of Government. At this point, even the lowly mail carrier is required an oath to be anti-homosexual. In 1951, the State of California hastened to slap a registration law on its books which was tighter than its model . . . the earlier designated Los Angeles Municipal Registration Law. In 1951 and 1952, National Registration bills were introduced into Congressional hoppers which were to include not only those persons previously registered in cities and states, but also those names heretofore lying unexposed in Armed Services Files, and those names suspected but officially documented by chaplains and personnel officers of the Armed Services. In 1952, the State of California required by law that teachers declare themselves anti-homosexual and allowed municipalities, such as Los Angeles, the mechanics whereby anonymous information could be passed against individuals in the employ of the Board of Education. Regardless of the pious opinions expressed in some professional circles, the laws passed and court practices prevailing, testifies that the social and civil position of the homosexual minority worsens with each succeeding month.

"In stating that persons, guilty of being thought pro-homosexual, through their own inclinations or through their associations, - in stating that such persons were not employable by any agency of government or by any enterprise doing business with government, the indictment was aiming forward to a new period of partial or total mobilization wherein even home-front needs, let alone war-front needs, would be channelled through government contract. 100% mobilizations to meet new emergencies were expressed all too clearly by legions of congressional candidates in the 1952 electioneering. In such a period, then, all homosexuals must needs either perjure themselves. . . .and thus, under the law, deliberately constitute themselves as un-American and subversive . . . or declare themselves under oath - and starve.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"For those of you who may feel this reasoning is as fantastic as the indictment, please be informed that the railroad companies, the air-craft companies, and the air-line transportation companies have fired highly competent employees on at least four separate occasions in the last two years PRECISELY ON THE PROVISIONS OF THE ABOVE MENTIONED POLICY, and have conducted their investigations on the anonymous pattern method. How does a liberal prove against unspecified charges anonymously preferred that he is and always has been anti-Communist both by inclination and by association? How does a person prove against unspecified charges, perhaps venomous spite-whispers, anonymously preferred, that he is now and always has been anti-homosexual both by inclination and by association? As our Puritan forefathers discovered through centuries of the Inquisition and the monarchial star chambers, one cannot prove innocence to circumstances which are of social rather than of personal contrivance. One can only stand his ground in the vigor of his personal integrity, and take refuge in the sanctuary of the Constitution's Fifth Amendment.

"Just what is the refuge, and the implications made, by the invocation of the 5th Amendment? The Fifth Amendment is that section of the Constitution which protects a person from being forced to testify against himself, and which protects a wife from being forced to testify against her husband and vice versa. The Fifth Amendment recognizes and gives sanctuary to the inviolable right of every citizen to hold unto his own counsel areas of personal belief and opinion which need not be disclosed to anyone without the voluntary choice of the person himself. To such minority movements as the Jeffersonian opposition of 1796-1800, the Abolitionist opposition of 1845-1860, the Populist opposition of 1884-92, the refuge of the Fifth Amendment has been the steady bulwark of all Minorities against lynch-mobs and the scurrilous character murders of the press.

"But refuge within the protective custody of the Fifth Amendment has its limitations, too. A person may invoke its protection only so long as he refutes any and all attempts to scrutinize his social freedom of personal conscience. For example, should a person be asked what he believes, or what political groups he

~~CONFIDENTIAL~~

CONFIDENTIAL

belongs to, and the person answers these questions either affirmatively, negatively, or otherwise . . . he undoubtedly waives his right under the Fifth Amendment to refuse to answer when asked if he is a homosexual. If a person, with the best intentions in the world, agreed to sign a "loyalty oath," and then at a future date was forced to submit to a question as to whether or not he/she were a homosexual, he, to all intents and purposes, could not expect to retain refuge under the Fifth Amendment.

"In regard to these limitations as superimposed against our National Administration's persuasion concerning homosexuals, plus a refresher on the apathy laced with hysteria of the general public in its lack of sympathy for the civil plight of the homosexual,

CONFIDENTIAL

perhaps it begins to come clear that any group, which sets itself up as a vehicle by the articulate homosexual minority can at least be heard . . . in effect sets itself up in opposition to a majority opinion held equally by the right wing, the liberals, and the left. The Foundation has known from the beginning that it could expect support only from those non-prejudiced people who could recognize the enormous potential of the Minority even in the face of the social struggle that would be required. It should be stated here that the Left was the first political grouping to deny any social potential to the Minority by going on public record with the opinion that the perverts (note the term) were socially degenerate and to be avoided as one avoids the scum of the earth. The Foundation idea was conceived only with the Right, in the substance of the State Department actions, followed suit some ten years later.

"It is in this vein that we must review the questions and issues concerning Mr. SNIDER's relationship with the Foundation. The Foundation met and learned to know Mr. SNIDER as an honest fighting lawyer who had handled with great sympathy, and acute social understanding, a number of cases of attempted entrapment. The Foundation also learned that Mr. SNIDER had carried through a number of fighter cases for the several minority groups who also suffer under the burden of false arrests and police provocations. Mr. SNIDER devoted an enormous amount of time and advice to the set-up and the protections of the Foundation structure. One can hardly say that he exercised undue subversion in recommending that the Foundation render itself unable to participate in any type of political or partisan activity whatsoever and, further, that the Foundation in its by-laws render itself unable to be used by any group or individual for any political or partisan issue whatsoever.

"It is true that Mr. SNIDER refused to answer the Un-American Activities Committee under his immunities guaranteed by the Fifth Amendment. As a leader in the court fights for the simple civil rights of the Mexican-American and Negro people as versus unwarranted police suppression in this city, it was inevitable that he would have been submitted to the question. His waiver of principle of oath could have been to betray, then, now

and in future, his sacred role of counsellor and confidante, similar with lawyers to the sacred immunity of sanctity traditionally accorded to the confidences of ministers and in recent years to doctors and psychiatrists. How would you feel about placing your trust in a lawyer who had spilled his guts concerning himself, his friends, and his clients? Could you talk to a psychiatrist or to a minister who had had so little respect for his role as a community counsellor as to jeopardize his right to hold privately his own opinions? This was the problem faced by Mr. SNIDER. Should he destroy by one word his value as a confidante and counsellor to those who had trusted him in the past, and those who needed to continue to do so?

"Whatever the press innuendos may be at this invocation, all that Mr. SNIDER has done is to re-assert his pride and his faith in that most precious of American contributions to humanity: a man's right to the privacy of his own social conscience. He has simply requested his right to be considered innocent until proven guilty beyond all possibility of a doubt, even as Mr. SHIBLEY last summer requested that DALE JENNINGS, as a homosexual, be so considered innocent of permanent lewdness by the jury until unmistakably proven otherwise. Our American principle specifically prohibits that any person attempt to be the keeper or the judge of his neighbors conscience. By the same token, each person has the right to criticize, to resist, and to condemn, a neighbor's social conscience when the content of that conscience intrudes aggressively upon his own. But the Un-American activity to be restrained and guarded against is the intrusion, not the quality or the substance of the content.

"The Foundation, in a modest way, constitutes itself a guardian of the homosexual minority's right to keep its own counsel and social conscience. To do this, the Foundation must deliberately oppose the present status quo policy of our National Administration concerning homosexuals, as contained in the unrefuted indictment. In order to guarantee that it will be able to do this, the Foundation must keep itself clear as a body to be able to invoke the safeguards of the 1st, 5th, 9th, and 10th amendments. Each person connected with the Foundation, therefore, is required to have the personal valor and the social integrity to be able to refute the scrutiny

CONFIDENTIAL

of any and all public groups, should it become necessary, even as has Mr. SNIDER. The rest of the Foundation Council may not approve for themselves the content of Mr. SNIDER's conscience. It might be equally assumed that Mr. SNIDER, in agreement with the community majority, does not approve as a pattern for himself the content of the average homosexual's social conscience. But, to apply a quotation long identified with the core of the American ideal, so long as Mr. SNIDER defends with his life the homosexual's right to keep inviolate his own social conscience, then equally so long must the Foundation constitute itself an equal respecter of Mr. SNIDER's rights.

"In taking such a stand as a body, and by simultaneously re-affirming its basic principle of aligning itself with, and participating in, no partisan political action whatsoever at any time, the Foundation is declaring that it hereby reserves the right to advance suggestions, to criticize, and to evaluate at any and at all times the status quo between the begrudging community majority and the contending coalition of the homosexual minority with its summer soldiery of sympathizers. The Foundation is acutely aware that such a declared role invalidates it completely as a fountain-head of leadership. But, in truth, it must be recorded that the Foundation never conceived of its contribution as more than that of a modest fountain-head of inspiration and encouragement, and perhaps that of a mirror to reflect and reveal the strengths and weaknesses of the community social conscience responding to such ideas. On the day when the present coalition of homosexuals and well-wishers assumes the self-assured dignity of a National Representative Congress, similar in scope and direction to those currently flourishing in Europe, the Foundation will have outlived its usefulness and will automatically fold its tents. But until that day of open and acceptable convention, the Foundation feels that its inviolable position must be maintained.

"DONALD WEBSTER CORY, in his now famous book, made the point that in America the beginnings and developments of homosexual congresses would be most difficult. Few sane and substantial people are willing to make martyrs of themselves. Yet open leaders of beginning

CONFIDENTIAL

CONFIDENTIAL

and unpopular causes have been martyred traditionally in the American experience. The Mattachine Foundation members acutely realized this somber fact at least two years before Mc CORY's volume appeared in print. They fully appreciated the need of most homosexuals, prominent or obscure, to remain anonymous as to their personal inclinations, if they were to exist socially, economically, and politically. The Foundation's by-laws specifically state that homosexuals, working with the Foundation primarily as homosexuals rather than as professional and/or community advisers of some prominence, may remain anonymous. This by-law was purposely phrased to grant the fullest protections to those members of the minority who might have the courage and the selflessness to work for the fulfillment of the Foundation Idea. The Foundation is fully aware that most of the European Groups, now enjoying some prominence and supported by people of weight in their respective communities, suffered through at least five years of enforced anonymity, press scurrility, parliamentary slander, and police persecution, before they were able to reveal themselves through their leadership. The support of the professionally prominent came only after the groups were able to appear in strength, and yet the conditions for their building were far more ideal than those currently enjoyed in the United States today. In light of the times mentioned above, and in light of the European experience just referred to, the Foundation has no intention, at the moment, of making pilloried targets out of its most devoted and self-sacrificing members. There are other members of the Foundation however who may soon feel that the Foundation principle is worthy enough of their open support. The presence of their names as community endorsers of the Foundation will mean that the Minority has presented enough evidence of good faith and social dignity to warrant community recognition. But even as the anonymous homosexual desires that the community only judge him on the basis of what he does as a social entity, rather than criticize him for what, in some people's prejudiced eyes, he is, so the Foundation desires that its friends and acquaintances judge it by what it does . . . rather than gossip and speculation upon the personal tastes of the persons who compose it. The Foundation will welcome the endorsements and sponsorships of the community. But the Foundation will continue to maintain its guardianship of the homosexual minority's right to the integrity

CONFIDENTIAL

~~CONFIDENTIAL~~

of its personal pride and social dignity with, or without, such support.

"And it will steadfastly refuse to horse-trade any of these basic securities of the homosexual minority to curry favor with a possible supporter regardless of the golden opportunities which seem to be offered. It would be pleasant if the social and legal recommendations of the Foundation could be found impeccable both to the tastes of the most conservative community as well as to the best interests of the homosexual minority. But since there must be a choice between the two impeccabilities, then the securities and protections of the homosexual minorities must come first."

On Page 14 of the April, 1953, issue begins a review of bills affecting sexual deviates which are pending before or which have been passed by the most recent session of the California Legislature.

On Page 17 appears a statement of the position of the Mattachine Foundation in respect to the then current Los Angeles Municipal elections (note questionnaire sent to candidates set out in part one.) This statement reads as follows:

"The Mattachine Foundation requests that the following be made clear. At no time on the elections for mayor of Los Angeles has a candidate for that office been invited to speak at any Foundation function, nor has any candidate for mayor been endorsed by the Foundation. In a campaign where hollow promises have been shouted loudly, the earnest voter can hardly take stock in those which are whispered behind the hand. The Foundation endorses neither of the gentlemen in question for the plain reason that neither has taken a public stand on the issues brought up by that organization in its recent questionnaire to political contestants. Their silence is not golden."

On Page 18 appears an article captioned "And Make the Mighty Tremble!" a portion of which is as follows:

"This is the Land of Contradiction. In a nation where the individual is assumed to be of basic importance, that same individual has a conviction that he or she is

helpless. We see injustice and fight our anger with the familiar cry, 'What can I do about it! I'm nobody. What can one person do?' We end up sitting back and waiting to be delivered, often defying deliverance with 'healthy' suspicion. It is true that unity is the answer to social ills, yet there is one thing the individual can do and seldom does, one thing that brings ulcers to the powerful and nervous breakdowns to the mighty. It is simple: constant protest.

"In the Los Angeles Mirror 7 April 1953, EDITH GAYNN in her column 'Hollywood' made the following remark: '....Judging from eastern TV, dramatic roles for males are mimed mostly by swishes.' It is almost certain that this wholly unnecessary invective drew no protest - except one letter which is yet to be published. But it was read. Had even a half dozen letters descended upon the Mirror, there would have been notice, worry and discussion. Even swishes buy papers and publishers know this.

"The 'helpless' individual can write, he can phone, he can make himself heard. He can do this anonymously, with an assumed name, or he can use his real name with the request it not be published. But, contrary to a general conception, the name is not of greatest importance. It is the fact that he took trouble to write. Editors love to deride crackpots yet they respect them. A person who speaks is potentially a person who acts. Policies are formed by pressure; those heard most clearly in greatest volume are listened to."

In the May, 1953, issue of "One" on Page 5 appears an article entitled "You Are a Public Enemy," which is as follows:

"On April 8th 1953 the Mattachine Foundation Board unanimously approved a statement setting forth their opinions and consequent resolves concerning the Federal Administration's policy towards homosexuals either directly in the employ of the government, or indirectly involved with the interests of National Security as employees of agencies and enterprises doing business with government. On April 27th, 1953, to quote a United Press dispatch in the Los Angeles Times, 'President EISENHOWER today

~~CONFIDENTIAL~~

set up a tough, new loyalty-security program designed to rid the government of homosexuals, alcoholics and "blabbermouths", as well as employees deemed subversive and disloyal.'

"It is significant to note that U.P. did not say 'homosexuals deemed subversive and disloyal.' It stated simply and bluntly, as well as by its choice of sequence, that this TOUGH new program was aimed specifically at homosexuals and super-patriots as well as just plain patriots. The dispatch went on to say that the new order was made public at the White House after Atty. General BROWNELL discussed it with Senator McCarthy (R), Wis., and other members of Congress who have been interested especially in government loyalty.

"In addition to association with subversive groups and other disloyal activities, the standards (to determine whether or not the victim is a loyalty or a security risk) include:

- "1. Any behavior, activities or associations which tend to show that the individual is not reliable or trustworthy;
- "2. Any deliberate misrepresentations, falsifications, or omissions of material facts;
- "3. Any criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, habitual use of intoxicants to excess, drug addiction, or sexual perversion;
- "4. Any adjudication of insanity or treatment for serious mental or neurological disorder without satisfactory evidence of cure;
- "5. Any facts which furnish reason to believe the individual may be subjected to coercion, influence, or pressure which may cause him to act contrary to the best interests of the national security.

"The dispatch concluded with this sentence, 'The President ordered the head of each government agency to use those standards in setting up security programs

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

for his department.' Packed into these innocuous words is the promise of many hundreds of sleepless nights for the white-collar and professional employees of civil service. In case the casual reader has dismissed the items in this dispatch with, 'Oh, well, homosexuals were mentioned only in Point Three. That was to be expected,' please note that the United Press did not entitle this new program, superseding the Truman Security Policy of 1947, as tough for nothing.

"To labor under the illusion that the new 'standards' of EISENHOWER's Loyalty-Security Program are little more than a business-as-usual continuation of Truman's Security Policy, infamous as that was in its relationship to homosexuals, is to be thoroughly misled. These standards are not measures to be put into operation only upon the hiring of new employees. These standards are retroactive, and, further, are to be maintained on a twenty-four-hour-a-day basis. Item 1 clearly shows that the information to be measured by these standards does not come from direction examination but is information gained in the now standard pattern of unspecified charges anonymously preferred.

"If you couple Item 2 with 1 and 5, you can easily see that any employee who is acquainted with a homosexual, is himself a security risk unless he volunteers his suspicions in daily rectification of his own 'omission of material facts.' As the Foundation Board pointed out in its statement, since a fairly conservative estimate of the percentage of homosexuals might be 13 percent (one out of eight), how many National Security employees DON'T know at least one homosexual in every eight of their acquaintances?

"In these days of bureaucratic retrenchment and payroll trimming, it may be difficult for many employees, both in government and in enterprises doing business with government, to refrain from 'rectifying omissions of facts' to guarantee personal success in the scramble and competition to keep jobs. And it is conceivable that the malice behind malingering gossip and rumor-mongering may not be judged by Senators McCARTHY et ux as evidence that the malingerer himself is guilty under Items 1 and 4, although under sane and sober requirements of the normal community he certainly would be.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"In short, every item in the new standards can be used to hound and harry not only every homosexual in government and in basic industry, but all his friends, acquaintances, and associates, be they homosexual, homosexually inclined, bi-sexual, or heterosexual. Further, every name breathed as fact or as rumor, whether they be National Security employees or not, goes into the National Security files for cross-referencing to Armed Services Files and the local records of the Communities in which they live, towards another day of total mobilization, or a National Registration Act, whichever is first.

"For the homosexual, to be loyal is not enough. The homosexual is required to be 100% anti-homosexual as well. He must agree, by taking a loyalty oath, to subvert the Constitution of the United States (which is not his to subvert) and testify against himself. Then, as a homosexual, he must testify against his own decency and integrity thereby making possible acts of aggression against every person he has ever known. Then, having destroyed himself as a person not only to the community but to his own conscience, he is to be tossed aside as a basic security risk by one or all of the five standards of the Security Program.

"The homosexual's life is no longer a private matter to himself. It has become political by Presidential order. If the homosexual, despite this Presidential statement, which is policy BUT NOT LAW, believes that to maintain his personal life and morality is in keeping with his integrity as a devoted American then he must become himself another volunteer guardian of the inviolability of the Constitution's Fifth Amendment in the full understanding that Civil Privilege must be the property of everyone.

It is noted that on Page 3 of the May issue appears an article captioned "Where Are You Going?" which in its context reflects that it is written by a minister. It is signed by a WALLACE DAVID. The fact that [redacted] was a reference in the above mentioned application for a post office box is noted. b7C

The June, 1953, issue of "One" on Page 2 through 12 contains a critical analysis of articles concerning homosexuality which have appeared in the following magazines: "Why," "Coronet," "Strength and Health," "American Mercury," "People Today," "Confidential," "Sir," and "Bare." The general conclusion is drawn that such articles are not honest or objective.

Page 13 contains a critical article by DAVID L. FREEMAN (supra) of the West German monthly magazine "Der Weg Zu Freundschaft Und Toleranz" (The Way to Friendship and Tolerance) which is described as one of the homosexual publications of Europe.

The July, 1953, issue of "One" on Page 12 and 13 reprints what appears to be a complete editorial from the Saturday Evening Post of May 2, 1953, concerning a decision by Justice WILLIAM O. DOUGLAS on freedom of the press. This article is headed by the headline "Afraid to Subscribe to One? Read This Editorial." The editorial is set forth below:

"In an important Supreme Court opinion a few weeks ago, Justice WILLIAM O. DOUGLAS struck a blow for liberty which has been too little noticed. One reason for the apparent blackout of 'liberal' comment on this decision is probably the fact that EDWARD A. RUMELY, the man who won this important battle for freedom of the press, represents the so-called 'Right.' Had he been a communist or a member of some bizarre religious sect, we should have heard a great deal more about his case.

"It will be recalled that Doctor RUMELY, as secretary for the Committee for Constitutional Government, was ordered by a congressional committee investigating lobbying to turn over to the committee a list of all purchasers of books which the committee had been selling to its members

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

and others sympathetic to its ideas. The idea was that Doctor RUMELY's outfit was attempting to influence Congress via the public. This was supposed to be lobbying.

"In the course of his appearance on June 6, 1950, before the committee, of which the late Congressman FRANK BUCHANAN was chairman, Doctor RUMELY said that he was willing to produce the names of all contributors and the records of all loans and other transactions. But he added, 'I'm not going to produce the names of people who bought books because under the Bill of Rights that is beyond the power of your committee to investigate.'

"The House cited Doctor Rumely for contempt of Congress, and his case dragged along through the Federal courts until it reached the Supreme Court, where the right of Doctor RUMELY and all other Americans to publish and circulate books without supplying the names of the buyers to public authority was unanimously sustained.

"Concurring with Justice FRANKFURTER's majority opinion, Justice DOUGLAS wrote:

"We have here a publisher who through books and pamphlets seeks to reach the minds and hearts of the American people . . . Like the publishers of newspapers, magazines, or books, this publisher bids for the minds of men in the marketplace of ideas . . . The command that "Congress shall make no law . . . abridging the freedom of speech or of the press" has behind it a long history. It expresses the confidence that the safety of society depends on the tolerance of Government for hostile as well as friendly criticism, that in a community where men's minds are free, there must be room for the unorthodox as well as the orthodox views.'

"It would be difficult to find two sets of ideas more hostile to each other than those of Justice DOUGLAS and the Committee for Constitutional Government. The justice's opinion does honor to his integrity and his ability to interpret American doctrine without regard for his taste in ideologies. Coming to the central issue of whether the publication and distribution of books can be penalized under a statute to control lobbying, Justice DOUGLAS wrote: 'Once the Government can demand of a

~~CONFIDENTIAL~~

X

publisher the names of the purchasers of his publications, the free press as we know it disappears. Then the specter of a Government agent will look over the shoulder of everyone who reads.'

"It seems to us that the Supreme Court's verdict in the RUMELY case belongs with those important decisions by the court which in critical times put America more firmly on the right course, the course in line with her historic traditions."

On Page 14 appears an article signed by one JAMES WHITMAN captioned "The Answer to Homosexuality" a portion of which is as follows:

"The Mattachine Foundation is a non-partisan service council devoted to the social objectives of integrating with the purposes and requirements of our community the enormous potential of valuable civic contributiveness and concern of such ill-understood social minorities as the homosexuals.

"With adjustment - and not 'cure' - as the key word in the group, much has already been accomplished to 'integrate this huge minority into socially-acceptable and socially-contributive channels.'

"The Mattachine Movement shows a direct parallel with Alcoholics Anonymous; it was established to facilitate the integration of maladjusted, futile, rejected individuals into society. To this end, a program of group therapy was begun. It is especially here - in the technique of group therapy - that the similarity is seen. The Mattachine Movement is considerably unique in other aspects. It has no religious slant and demands no abstention from any sexual activities, but rather stresses adjustment and self-understanding and -realization towards a more useful and dignified place in society.

"Legal action is one of the immediate goals of the Mattachine. In addition to helping the individual deviant, there is a pressing need to remove prejudice - especially when it takes the form of persecution such as 'quota assignments, decoys detailed specifically to entrap, invasions of privacy by fraudulent means, searches-seizures-and-arrests without due process of law . . .'. These unlawful acts are 'harassments aimed at a minority

who can be counted on to hide these civil infractions at all costs.'

"Study and research are also being carried on by the Mattachine Movement, and with experts in the field as well as participation of discussion group members, they are making considerable progress.

"Equally important to research is publication and promulgation of information. The first major step in this direction came from one of the Mattachine discussion groups. It was there that a monthly publication was born. The magazine, ONE, is printed with a constructive and socially-minded approach to sex deviation - with the emphasis on homosexuality. The various articles which appear attempt to stimulate thinking, present facts, and help to improve flagrant wrongs - both social and personal.

"The fledgling Mattachine Movement has not been without opposition and attack. Because of its socially constructive ends it has been accused of Communist affiliation. Equally as groundless, fears are being entertained that because homosexuals themselves are involved the final goal is therefore to 'convert' new members' to homosexuality.

"Despite these ephemeral misgivings, it is apparent that the Mattachine Movement is well on its way toward success in its attempt to solve the homosexual problem by the combination of personal, group, and social means.

"Judging from the tremendous success of similar principles used in Alcoholics Anonymous and the growth of the Mattachine Movement this far, great advancement and improvement in the field of homosexuality seem to be in the near future."

The inside back cover of the July, 1953, issue is a reproduction of a portion of a story published in the Los Angeles Herald Express July 2, 1953, captioned "State Department Fires 531 Perverts, Security Risks."

DETAILS:

All informant's designated by "T" symbols are of known reliability unless stated to the contrary.

The title of this case is being CHANGED in order to delete "MATTACHINE FOUNDATION, INC." since that organization has been dissolved. The MATTACHINE SOCIETY and the publication "ONE" are being treated separately in this report, it being noted that the two profess no connection with each other although their aims and purposes are similar.

THE MATTACHINE SOCIETY:

In August, 1953, [] advised that a person interested in the MATTACHINE SOCIETY received the following brief history from the Society:

b2

b7D

"A BRIEF HISTORY OF THE MATTACHINE MOVEMENT.

"The Mattachine Movement had its inception in 1950 when a group of three men convinced that the time was ripe for such an idea, gathered several of their friends together and inaugurated the first Discussion Group--the characteristic feature of what was to become, three years later, the MATTACHINE SOCIETY.

"In the meantime, the original group of three had grown to seven and filed for incorporation as a nonprofit, research organization in the State of California as the MATTACHINE FOUNDATION.

"To carry on the work of the original discussion group, a secret society was instituted, headed by several of the original members of the Foundation. The secrecy in the society extended from top to bottom and, altho intended as a measure of protection, it served only to hamstring the functioning of the various echelons, or 'orders' as they were called.

"It was the task of the lowest 'order' to organize & sponsor the discussion groups. These groups, numbering anywhere from

LA 100-45888

"twenty to fifty people, at in various homes every two weeks. It was thru these discussion groups that people were introduced to the Mattachine movement. The groups had the function of not only educating the participants but also of offering a measure of group therapy to a people who had hitherto been predominately suspicious, fearful & uneasy.

"It was the lowest 'order', too, that furnished the labor for the mailing committee and that gathered and forwarded to the Foundation the donations collected in the discussion groups.

"As the Mattachine movement grew it became apparent that a secret and non-democratic society was proving too great a hindrance to accurate & adequate communication between the lowest 'order' and the fountain head of command. With the increased number of people reached thru the discussion groups came an insistent sense of responsibility to them amongst the members of the lowest 'order.' A new democratic & non-secret society was very much needed.

"In response to the importunities of the lowest 'order' members, the head of the secret society called a convention to form a new organization. The members of the lowest 'order' & other people interested in the movement met on April 11, 1953, to create & adopt a constitution for the new society. Among the members of the convention were delegates from the San Francisco Bay area who contributed greatly to the structure of the new constitution.

"It required another meeting of the convention delegates in May of the same year to agree on the final form of the constitution, adopt it, elect officers, and pass on resolutions & by-laws to implement the new Society as it began its work democratically & openly, for a better world for a group of people who, one might say, deserve somewhat better of society than they have been want to receive.

"It became apparent during this last session that the original founders of the movement had built better than they knew. For there emerged from the convention a Society designed to carry out all the functions of the now-defunct secret 'orders' plus many of the activities of the Foundation itself. Let no disrespect for the Foundation and its efforts be inferred. If it had not been for the original three and the Foundation they

LA 100-45888

"created, the MATTACHINE SOCIETY would still be a dream in somebody's head.

"But the time had come for the child to supplant the father and the old order literally & figuratively passed away. The Foundation announced that it was dissolving in favor of the new society and proudly gave it the name which was as proudly and gratefully - accepted. Shortly thereafter the Foundation filed for dissolution as a corporation and turned over to the new MATTACHINE SOCIETY its files and correspondence.

"Thus the idea of the Mattachine movement has been enlarged and extended. As it has grown in California it is now growing thru-out the United States. It will continue to grow as new Chapters are formed, new discussion groups organized.

"In recent months the Southern California Area has inaugurated a program of psychological & bio-medical research, cooperating with a group of highly qualified doctors & psychologists in a series of scientific & objective tests.

"The Northern California Area has also begun a research program with a group of psychologists in the Bay Area.

"But psychological & medical research is only one aspect of the Society's work. The Northern Area has begun the compilation of a bibliography to which project several members in the Southern Area are lending their time & effort. Several Chapters have devoted themselves to special projects, such as the legal and Research Chapters which sponsor discussion groups in which the most serious & thought-provoking aspects of the general problems are discussed.

"As time goes on the work of the Society will extend into many and greater areas. The extent & efficacy of this work is entirely dependent on the membership & the income which they contribute to this purpose.

"The aims & purposes of the Society are as worthy & noble as those of any social organization to take form in this country. The goal when achieved can only bring greater health and happiness to its people. We have always needed, we need now, and we shall undoubtedly need in the future organizations devoted to the application of sane, intelligent, and healthy solutions to the complex problems of being human.

LA 100-45888

"There is an old saying that God helps those who help themselves. Let us work for our goal, then, with God's help we shall achieve it."

b2

b7D

[] further advised that persons interested in the MATTACHINE SOCIETY were invited to form discussion groups or attend discussion groups, and to contact the MATTACHINE SOCIETY at Post Office Box 1925, Main Post Office, Los Angeles, 53, California.

[] reported in August, 1953 that a person expressing an interest in the MATTACHINE SOCIETY was advised by letter dated August 31, 1953 from the MATTACHINE SOCIETY Los Angeles Legal Chapter #103, signed by Ross Morrison, Secretary that meetings of the Legal Chapter were held every Wednesday evening at the American Legion Hall, 1312 West 3rd Street, Los Angeles, California at 8:30 p.m.

b2

[] further advised that he was furnished a statement of the Aims and Principles of the MATTACHINE SOCIETY, which expressly states that its a publication of the Southern Area Council, and is not an official publication of the MATTACHINE SOCIETY. The statement of Aims and Principles is as follows:

b7C

"AIMS and PRINCIPLES:

"EDUCATION

✓ "1. Education of the general public so as to give them a better understanding concerning homosexuality and sex variation, so that all persons may be accepted as individuals for their own worth and not blindly condemned for their emotional make-up; to correct general misconceptions, bigotries, and prejudices resulting from lack of accurate information regarding sex variants.

✓ "2. Education of the homosexuals themselves so that they may better understand not only the causes and conditions of homosexuality, but formulate an adjustment and pattern of behavior that is acceptable to society in general and compatible with recognized institutions of a moral and civilized society with respect for the sanctity of home, church and state.

LA 100-45888

"INTEGRATION

"1. Since homosexuals desire acceptance in society, it behooves them to assume community responsibility. They should, as individuals, actively affiliate with community endeavors, such as civic and welfare organizations, religious activities, and citizenship responsibilities, instead of attempting to withdraw into an invert society of their own. For only as they make positive contributions to the general welfare can they expect acceptance and full assimilation into the communities in which they live.

"2. The long-term aim is not only to support well-adjusted homosexuals with full integration into society, but to give special aid to maladjusted homosexuals for their own welfare as well as that of the community.

"SOCIAL ACTION

"1. To secure the active cooperation and support of existing institutions such as psychology departments of universities, state and city welfare groups, mental hygiene departments, and law-enforcement agencies in pursuing the programs of education and integration.

"2. To contact legislators regarding both existing discriminatory statutes and proposed revisions and additions to the criminal code in keeping with the findings of leading psychiatrists and scientific research organizations, so that laws may be promulgated with respect to a realistic attitude toward the behavior of human beings.

"3. To eliminate widespread discrimination in the fields of employment, in the professions and in society, as well as to attain personal social acceptance among the respectable members of any community.

"4. To dispel the idea that the sex variant is unique, 'queer' or unusual but is instead a human being with the same capacities of feeling, thinking and accomplishment as any other human being.

"GENERAL

"1. To accomplish these aims in a law-abiding manner. Homosexuals are not seeking to overthrow or destroy any of society's

LA 100-45888

existing institutions, laws or mores, but to be assimilated as constructive, valuable and responsible citizens. Standard and accepted democratic processes are to be relied upon as the technique for accomplishing this program.

"2. We oppose indecent public behavior, and particularly excoriate these who would contribute to the delinquency of minors and those who attempt to use force or violence upon any other persons whatsoever.

"3. Although the Mattachine Society is a non-sectarian organization and is not affiliated with any political organization, it is, however, unalterably opposed to Communists and Communist activity and will not tolerate the use of its name or organization by or for any Communist group or front.

"WOULD YOU LIKE TO START A DISCUSSION
GROUP OR CHAPTER?

"Its Simple!

"1. Notify your friends who would be interested in the Mattachine Society; select a meeting time and place; and then notify THE MATTACHINE SOCIETY, P. O. BOX 1925, Main Post Office, Los Angeles 53, California, or phone Vandyke 1221 Los Angeles, California.

"2. The Area Council will send a committee of members of the society, or copies of orientation and information literature for distribution to explain the society, when it was organized, how it works, and what it hopes to achieve.

"3. After one or more of these meetings, your group may wish to organize into an autonomous chapter, and then become another working unit in the Society in this Area."

It is noted that the above statement invites people who are interested in the MATTACHINE SOCIETY to contact the Society at Vandyke 1221, Los Angeles.

The November, 1953 issue of "ONE" on page 9 reflects that "The officers of the Mattachine Society have conferred upon ONE magazine an honorary membership for its fine contributions to the aims and purposes for which the Mattachine Society was formed."

On page 20 of the November, 1953 issue of "ONE" appears a letter from an unidentified individual in San Francisco to the effect that this person had attended two meetings of the MATTACHINE SOCIETY in San Francisco, and that he had been asked what he would like to do to help and it was suggested to him that he design a cover for "ONE", which he enclosed with the letter.

On page 22 of the November, 1953 issue of "ONE" appears the following editorial statement: "A confusion, evident in the letters we receive, makes it necessary again to make clear the relationship of ONE and the Mattachine Society. These are two entirely separate corporations which function independently. While they naturally share basic principles, their differences as a Society and a magazine are clear in both type of activity and manner of approach. ONE heartily commends the work of the Society and hopes the feeling is mutual, but insists upon being recognized as a separate entity."

The August, 1953 issue of "ONE" contains a paid

August, 1953 Issue

It is noted that articles in this issue have been attributed to BEN GREER, E. B. SAUNDERS, MARTIN BLOCK and PADY DEUX as well as persons using the initials J.P., WALTER B., W.K.N., J.B.S.

L.A. 100-45888

On page 20 in the letters to the editor section appears a letter expressing interest in the magazine "ONE" from a person identifying himself only as a Sergeant, USAF (United States Air Force).

Also in the letters to the editor section at page 23 is printed a letter from a person expressing interest in the magazine "ONE" who states that he has just returned from spending 15 months in Germany in the Army.

Also on page 23 appears a letter congratulating "ONE" as one of the finest magazines to date to handle our "touchy" subject and for doing it so beautifully. "Being one of the Armed Forces and many more wanting information like myself, could it be possible for you to enlighten us with an article as you did in a previous issue for the civilian populace, on our rights." This letter was signed "A.T.H., San Diego."

The advertizer in this issue is HOWARD D. ~~TAWNEY~~, Ph.D, 2610 West 8th Street. Los Angeles 57, California, DUNKIRK 83630, who operates the Institute of Hypnotherapy, which ad reads "NEED HELP? Fears, Guilt, Maladjustment, Habits, Alcoholism, Insomnia, Frigidity, Impotence and Sex Problems. Psychological Testing."

The Los Angeles Herald Express on September 30, 1952 reported that HAROLD D. TAWNEY of Los Angeles and two others had filed articles of incorporation with the California Secretary of State to establish the "U. S. Crime Commission" for the purpose of "investigating crime in every form."

The Hollywood Citizen News on October 1, 1952 reported that the Secretary of State of California had rejected the above application.

September, 1953 Issue

It is noted that articles in this issue have been attributed to HARRY ~~JOHNSON~~, DONALD WEBSTER CORY and BILLIE ~~BROWN~~ as well as one person using the initials M.F.

The leading article in this issue is captioned "And a Red, Too," while on the cover appears the caption

L.A. 100-45888

"Are Homosexuals Reds?" This article refers to an article in the September issue of the magazine "Mr." entitled "Are Communists Homosexual?" A portion of the article on page 2 in "ONE" reads as follows: "For those interested in facts instead of hysterical outbursts, the communist party of the U.S.A. provides in its constitution that no individual who engages in sexual perversions is eligible for membership. This cannot be brushed aside with the argument that communists aren't to be trusted anyway and their constitution has no relation to their practices. Information in any good library shows that wholesale expulsions from the communist party have occurred because of homosexuality of members." The article concludes that homosexuals are too involved in their social oppression, their personal love affairs and the business of making a living to have any energy left to participate in revolutionary movements. The article states that McCarthyism "is a danger to homosexuals because HITLER, in making the world safe for fascism by pledging to destroy communism, found it expedient to destroy several million Jews, trade unionists, Catholics--and homosexuals."]

(A)

On page 4 appears an article without a title which proposes the formation of a secret organization composed of a million anonymous homosexuals paying dues of \$6.00 per year for the purpose of organizing voting power, raising funds to lobby for appropriate legislation, and to educate the public in general on the problem of homosexuality, and to use it in the defense of homosexuals under arrest. The article states that a million votes and 6,000,000 talks in the kind of language understood in politics by the Halls of Justice, and by public education.

The advertisers in this issue are BERTMOND PELLFORT, Box 481, Farmingham, New Hampshire, Problem Analyst, and DON HILL, c/o Black Light Corp. of Los Angeles, 5403 Santa Monica Blvd., Los Angeles, paintings and murals in black light...unbelievable "3-D" on canvas.

October, 1953 Issue

The cover on this issue reflects the following: "Your August issue was late because the postal authorities in

L.A. 100-45888

Washington and Los Angeles had it under a microscope. They studied it carefully from the 2nd until the 18th of September and finally decided that there was nothing obscene, lewd or lascivious in it. They allowed it to continue on its way. We have been found suitable for mailing.

"This official decision changes our status considerably. Incredible as it may seem to everyone else but us, we have been pronounced respectable. The Post Office found that ONE is obscene in no way, incites no one to anything but thought and doesn't want to overthrow the government. This decision will also indicate to the timorous deviate that we are a safer bet than once assumed. Many who were contented to be told what to read, will now reconsider the matter of their own dignity and human rights. Subscriptions will mount astronomically. We are prepared.

"But one point must be made very clear. ONE is not grateful. ONE thanks no one for this reluctant acceptance. It is true that this decision is historic. Never before has a governmental agency of this size admitted that homosexuals not only have legal rights but might have respectable motives as well. The admission is welcome, but its tardy and far from enough. As we sit around quietly like nice little ladies and gentlemen gradually educating the public and the courts at our leisure, thousands of homosexuals are being unjustly arrested, blackmailed, fined, jailed, intimidated, beaten, ruined and murdered. ONE's victory might seem big and historic as you read of it in the comfort of your home (locked in the bathroom, hidden under a stack of other magazines, sealed first class?) But the deviate hearing of our late August issue through jail bars will not be overly impressed.

"There's still a bit to be done. Want to help?"

It is noted that articles in this issue have been attributed to ELIZABETH DALO, JEFF WINTERS as well as the persons using the initials SAUL K, and JEROME.

On the back of the front cover appears a statement setting out the aims and principles of the magazine "ONE" which are as follows:

L.A. 100-45888

"This magazine was founded for the purpose of bringing about a better understanding of sexual deviation by both heterosexuals and homosexuals. It means to accomplish this through the publishing and research, of comment and criticism, or fiction and poetry describing situations and reactions to them inimitably deviant of humor and satire necessary for an objective view of any subject. These pages are devoted to no one view, advocate no one philosophy save tolerance and reflect widely divergent opinions in each issue. The Editors have received letters and articles from all over the world, and have faithfully respected the anonymity of each writer in an effort to maintain ONE as the only means of expression for literally millions of deviants in America, and a literary companion to similar publications in other parts of the world. ONE is a non-profit corporation and connected in no way to any other organization. The Mattachine Society is neither a branch of ONE nor related to it in any way other than in broad principles which they both espouse. Further, ONE neither advocates nor condones any illegal acts but concerns itself, not with incitement but with reaction to sexual variation in the public and in the variant. It forwards no letters, effects no contacts between writers and will submit its list of subscribers to no government agency or any other for any purpose. As all of ONE's income is used to improve the magazine, only one member of the staff is at present paid."

A further statement of aims and principles set forth on page 2 is as follows:

"It's not surprising that the deviate is suspicious and afraid and absurdly cautious at times. Hunted people get that way. But on the other hand, when a publication is founded to fight the deviate's own special fight, to go on being suspicious, afraid and cautious is impractical, perhaps a bit neurotic.

"It's true that the reader in Paducah doesn't know the editors of ONE from Adam--he even sees some pretty obvious pen-names on the board and is sceptical because they don't register with the police as publishers of the magazine. He wouldn't get mixed up in it himself but those who do will simply have to toe his mark if they want his help. He doesn't want his name on the subscription list in spite of the fact

L.A. 100-45888

that the editors declare they'll rot in jail before handing over one single name of a subscriber. What's more, the whole thing may be a gigantic, international blackmail scheme. Oh, its all very complicated and a person simply can't take a chance. After all, your whole reputation, career--your whole life is at stake!

"But look at it this way a moment: What is the editors are telling the truth? What if they are honestly fighting for the rights of the deviate without ulterior motive (other than getting paid someday for what they're doing free now)? What is their anger at social prejudice is genuine? What if they're actually willing to stand up and stick out their necks for all deviates because they believe someone has to sometime? What if they're risking their own reputations, careers and life for you? What if there isn't a single millionaire supporting the magazine and its really held together by sweat, private donations and one of history's grimmest determinations? What if your suspicions aren't even remotely just?

"ONE is doing well. It grows every day. Growing takes money. You risk nothing by slipping a ten in an envelope without return address, or a five, a one--heck, a three-cent stamp would help more than you realize! Send a contribution just on the chance the publishers aren't criminal fortune hunters. Send a contribution for the issues that have already been printed and read by thousands. Even if ONE vanishes today, it will have served a gigantic purpose in hitting prejudice and ignorance hard in print again and again--in being the first magazine in English to plead our own cause--to give you a chance to speak. ONE is yours. Keep it yours. Isn't it worth a buck to know you're not alone?"

On page 3 of this issue appears an article by ELIZABETH LALO entitled "Must I Answer That Cop?" which is as follows:

"Strange Bedfellows?

"Deviants who pride themselves in having no interest whatever in dull-old politics, are shocked to find themselves classed with communists and criminals as far as Senator

McCarthy and the present and previous administrations are concerned. This strange bedfellowship is brought about by the Fifth Amendment's rigid stipulations on self-incrimination which seem to put the homosexuals in the uncomfortable position of defending the rights of reds in order to defend their own. Actually those concerned are not only leftists but anyone who might be suspected of a criminal act. This, of course, means everyone. It means you particularly.

"Are the Ignorant Most Loyal?

"Contrary to today's idea of loyalty, it is not really subversive to know your civil rights and stand up for them. This should be sarcasm but isn't: we live at a time when it is actually suspect to be aware of the nature of our freedom as outlined by the Constitution. Naturally, only those wanting to take away those rights would nourish the preposterous idea that ignorance is desirable in the good citizen. The person who is aware that he need not answer any of the questions of an arresting officer--or an agent of the FBI, for that matter--is far from overthrowing the government. He is strengthening it."

On page 4 the article continues "The power to extract answers is a dangerous one in any period. Only a fine line divides its use and abuse. The right to question is only a hair's breadth away from the right to bully, threaten or use trick questions. This itself is directly related to physical coercion. The questioning officers frequently begin to think they have the right to extract the answer they want and continue until they get it."

On page 6 the article states: "Senator McCarthy has announced that he is setting up a test case with which he intends to force revision and limitation of the Fifth Amendment which is a 'subversive sanctuary' as it stands. The FBI and local police will undoubtedly give him all the encouragement and aid he needs. But the citizen would do well to remember a few basic points before surrendering this vital right without protest."

The article concludes: "Finally, it is interesting

LA 100-45888

to note that when challenged about his curiously huge and oddly dispensed income, Senator MC Carthy took advantage of none other than the privilege of silence and the refusal to answer questions. This is a tribute to the Fifth Amendment almost as great as his attack upon it."

In the letters to the editor section appears a letter from a person expressing approval of the magazine "ONE", and of the MATTACHINE SOCIETY, who identifies himself only as a Civil Service employee from Santa Monica, California.

On page 20 in an article captioned "ONE Hears" appears the following: "Its going the rounds in Los Angeles that the vice squad is now asking, as part of the grilling given prisoners, whether the accused is a member of the Mattachine Society. The intention is obviously an attempt to prove that the Society and the magazine (which they assume are run by the same people) incite to illegal acts. The reasoning isn't too clear however. Membership in the Society doesn't make a criminal though a criminal MAY be a member...It is a matter of curiosity, too, how many answered affirmatively and how many were aware enough of their rights not to answer any questions at all. It is not required, you know. Attorneys say that more cases are lost between the time of arrest and the first interview with counsel than in any other phase. Without being impudent or antagonistic, the practical person will say, 'May I answer that through my lawyer? He'd prefer I speak through him.' And stick to it. Its your right. Another interesting rumor runs to the effect that the Los Angeles police or the FBI (this story is confused as usual) have questioned a supplier of the magazine on its personnel, purposes, contents and anything else they might know. Naturally this grilling scared the supplier sick and as a direct result, the magazine is now dealing with another firm. This might be called intimidation--or foolishness. The contents of ONE are no mystery nor are the identities of the editors. They need only be contacted to cooperate with any just complaint. An inquiry is now in the mail asking the chief of police the purpose of this subversive police activity--if it really happened. The supplier swears it did."

The issue contains a new section entitled "Need Help With Your Research?" which prints inquiries from various

L.A. 100-45888

people interested in various alleged research projects. On page 22 there is an inquiry from a person in Seattle requesting where he can find data on crime incidence among homosexuals in the U. S. On page 23 it is stated that an Army Doctor is inquiring for help in gathering instances of homosexual acts under stress of fear, such as battle or natural crises involving intolerable suspense.

The advertiser in this issue is DON HILL, c/o Black Light Corp. of Los Angeles, 5403 Santa Monica Blvd., Los Angeles 29, Calif., Paintings and Murals in Black Light, unbelievable "3-D" on canvas.

This issues publishes a notice that translators are needed as its receiving letters in French, German and Italian.

November, 1953 Issue

It is noted that articles in this issue have been attributed to ~~DOROTHY WALKER, B. D. VEST, CURT OPLIGER, JEFF WINTERS, MINNIE PERU, G. STANLEY HAYDEN~~, as well as a person using the initials W.L.

The back of the front cover contains a statement concerning the program of the magazine "ONE". It states in January, 1953 1,000 copies of ONE were printed; that now after almost a year of circulation it goes to all parts of the country, Europe, Asia and Africa; that the magazine is rapidly outgrowing its little magazine stage, and that full time jobs will soon be available. An offer is made to those who wish to assist the magazine to contribute by subscribing to an annual membership--cost \$10.00 plus a copy of a book to be published by ONE, and a year's subscription to ONE; a contributing membership--cost \$25.00, plus a year's subscription to a similar European magazine, plus a book to be published by ONE, and a year's subscription to ONE; associate membership--cost \$50.00, plus an annual subscription to ONE, plus a year's subscription to a European magazine, plus a copy of a book to be published by ONE, plus one volume of Volume 1, 1953 of ONE, indexed and attractively bound; life membership--cost \$100.00, to receive ONE magazine during the remainder of subscriber's life.

L.A. 100-45888

The front cover of this issue bears the caption "Are 'Normals' Abnormally Interested in Sex?" An article on page 2, "The Terrible Monomania", deals with the extraordinary curiosity expressed by the general public when two persons of the same sex reside in the same house or apartment and speculation on the part of the general public as to what occurs behind the closed door.

On page 11 under the caption "News" appears the following: "Dishonor Before Death, Son! Not long ago the Department of Justice allowed one of its officials to state that it was 'unbelievable what some young men do to avoid the draft.' He said that alarmingly large numbers of young potential fighters even go so far as to let themselves be classified as 'morally unfit' for military service. Some brazenly claim that they are sex deviates and, if that's not sufficient, get themselves involved with the police to prove it. This idea of moral unfitness seems whimsical in view of the fact that the Army recently inaugurated a 'buddy' system so similar to the ancient Greek pattern that some of us conservative old soldiers have no choice but to shudder."

On page 19 in the letters to the editor section appears a letter from a person expressing approval of the the magazine "ONE", and enclosing \$5.00 for a year's subscription with the request that it be sent in a plain envelope as the Army would not appreciate such literature in the hands of its personnel. The letter is signed "PFC."

On page 23 is printed an announcement that a publication office has been opened by "ONE" at 233 South Hill Street, Los Angeles, California.

The advertiser in this issue is BERTMOND PELLFORT, Problem Analyst, Box 481, Farmington, New Hampshire.

[] advised in September, 1953 that a person subscribing to "ONE" was sent a letter by "ONE" over the signature of WILLIAM LAMBERT, Business Manager, which stated that "ONE" was now on the news-stands in Los Angeles, San Francisco and New York City, and that it has readers in Alaska, Buenos Aires, New Zealand, Wales, France, Africa and Germany. The letter urgently requested assistance from the magazine's readers in performing vital functions for the

But one point must be made very clear. ONE is not grateful. ONE thanks no one for this reluctant acceptance. Is it true that this decision is historic. Never before has a governmental agency of this size admitted that homosexuals not only have legal rights but might have respectable motives as well. The admission is welcome, but it's tardy and far from enough. As we sit around quietly like nice little ladies and gentlemen gradually educating the public and the courts at our leisure, thousands of homosexuals are being unjustly arrested, blackmailed, fined, jailed, intimidated, beaten, ruined and murdered. ONE's victory might seem big and historic as you read of it in the comfort of your home (locked in the bathroom? hidden under a stack of other magazines? sealed first class?). As a here-and-now proposal, as an example of the practical approach how much could One's readers do toward financing a

The captioned organization is a homosexual group in Los Angeles with membership in other west coast cities. They publish the magazine "One" dealing primarily with homosexuality from the scientific and historical point of view and to promote education and research in the general field of homosexuality. The Bureau opened an investigation in July, 1953, in view of the possibility that this group was Communist controlled or infiltrated. A closing report was submitted by Los Angeles on 12/31/53 when it was found there was no internal security interest. It has been indicated that some military personnel are interested in this organization. Copies of all pertinent reports have been furnished to G-2, ONI, and OSI.

[REDACTED] General Investigative Division, OSI, contacted [REDACTED] of Liaison and suggested the possibility of the Bureau placing a mail cover on the headquarters of this organization in order to develop further information regarding the identity of military personnel who are interested in the group. The OSI interest is based only on the assumption that any military personnel connected with the group would be homosexuals and subject to discharge from the Air Force. Inasmuch as it has been determined by the Bureau that there is no security interest in this group and the Bureau case has been closed, [REDACTED] was advised that the Bureau does not desire to place a mail cover in order to determine the identity of military personnel connected with the group, but that the Bureau has no objection to any investigation conducted by OSI for that purpose.

Honorable Arthur Summerfield
Postmaster General
Post Office Department
Washington, D. C.

Re: The Magazine "One"

Dear Mr. Summerfield:

Perhaps there has already been called to your attention, a periodical known as ONE.

I have before me the March, 1954, issue, listed as "Volume Two, Number Three."

The sub-title of ONE is "The Homosexual Magazine."

Reference is made in the initial page to mailing of it by "regular mail" and by "first class."

The purpose of my letter is to convey the most vigorous protest against the use of the United States mails to transmit a so-called "magazine" devoted to the advancement of sexual perversion.

I believe that you will agree with me that for anyone to use government facilities in any way for transmittal of this type of vile material:

- a. runs utterly contrary to every moral principle.
- b. runs utterly contrary to our intentions to safeguard our nation's youngsters.
- c. likewise, is the very opposite of the entire purpose of our government security program (And to the extent that this periodical increases perversion among the general population, it may aggravate the problem -- to the extent that it may continue to exist among 2½ million government workers.

I would very much appreciate hearing from you on this matter.

I recognize, of course, that the Post Office Department can only do what present law may permit it to do; but it seems to me that if you find present statutory authority is in any way insufficient to cope with this sort of problem, then the time is overdue to perfect the statute.

It seems folly merely to have on the books a law against the transmittal of "obscene literature" and yet to permit moving through the mail of literature whose net effect is just as degrading, if not infinitely more so, than lewd photos or lewd text, as such.

I am sure that with your keen sense of moral principle that you will give this matter your prompt attention.

I may say incidentally that as a former member of the Senate Crime Investigating Committee, I am, of course, still particularly interested in law enforcement problems.

Moreover, as Chairman of the Senate Foreign Relations Committee, I note that the next to the last page of the March 1954 issue of "ONE" refers to several periodicals published in foreign countries, apparently along much the same lines. I wonder if U. S. mails are open to such objectionable foreign periodicals and if so, why?

with all good wishes, I am,

Sincerely yours,

Alexander Wiley

THE MATTACHINE AND MAGAZINE EYE TO EYE

In a legal move that can be actually historic, the Mattachine Society has taken on a case in California which challenges the notorious "vaglewd" laws. Most people are unaware that such laws which legislate against "lewdness" are completely unconstitutional because they make it possible to punish a person for a state of being rather than an act. This fact is vitally important to every citizen regardless of sexual preference.

The attorney for the Mattachine directly challenges this legislation with the unanswerable claim that these laws do not state a public offense and are in direct violation of the Fourteenth Amendment of the Constitution of the United States. "It is a denial of due process because of the vagueness of the statute and it also violates the equal protection clause because of discriminatory enforcement. It further violates due process in that it punishes a state of being rather than an act which is contrary to all concepts of law and justice."

He went on to point out how the winning of this case will have a national effect. "This extremely unjust law—which has counterparts in every State in the Union—is so loosely drawn that it can quite conceivably encompass every type of activity which might disturb a bigoted policeman. If we can prevail in this case and have the statute declared unconstitutional, similar statutes throughout the country would be open to attack and could also be declared invalid."

The Mattachine fully intends to take this case to the Supreme Court of the United States if necessary. Details of the boldly ambitious undertaking will be in the April issue of ONE. In the meantime, the collection of funds has begun with real success in Los Angeles. Deviants, near-deviants and those who have never thought of deviating but see the viciousness of this law, have come through to help in immense numbers. They know that this case will be just as big as homosexuals want to make it. To raise it from only local significance, will take money. To fight on up to the Supreme Court, will take lots of money.

However, many deviants look at it this way: "Perhaps five dollars now will save me five hundred if and when I'm arrested. It's worth the gamble." A dollar from every fifth homosexual in the U.S. would be enough to fight a hundred cases.

Send your share NOW to THE MATTACHINE SOCIETY, POST OFFICE BOX 1925, MAIN POST OFFICE, LOS ANGELES 53, CALIFORNIA

The Bureau has received anonymously a copy of the November, 1955, issue of this magazine. On page 4 and 5 in an article by David L. Freeman, Circulation Manager, it is indicated that "The Tories," one of the three main groups of homosexual society, work for Time Magazine or the New Yorker; they are in the diplomatic service, they occupy key positions with oil companies or the FBI.

The Mattachine Society, publishers of this magazine, is a homosexual group in Los Angeles with membership in other west coast cities. The Bureau opened an investigation in July 1953, in view of the possibility that this group was communist controlled or infiltrated. A closing report was submitted by Los Angeles on December 31, 1953, when it was found there was no internal security interest. (100-403320)

In view of the nature of this publication, it is believed "One" should not be dignified by a reply to the completely baseless and unfounded writings as noted above.

RECOMMENDATION:

That no reply be made to this magazine.

Los Angeles Air-tel February 2, 1956, sets forth results of interview with William Lambert, Chairman of the Board of "One." This interview shows that Lambert is strictly no good, and he left the impression with interviewing Agents that he had either edited or written the article appearing in the November, 1955, issue of this magazine alleging that homosexuals occupied key positions in the FBI.

Lambert was advised in no uncertain terms that the Bureau would not tolerate such baseless statements appearing in this magazine and for him either to put up or shut up. Lambert at one point said, "Our attorney [redacted] of Beverly Hills) has approved everything that goes into the magazine." Los Angeles files on [redacted] of Beverly Hills, California, reflect he has appeared on platforms with Communist Party members, and he has written editorials for a college newspaper defending the American Youth for Democracy (AYD). The AYD has been designated by the Attorney General pursuant to Executive Order 10450. In addition, [redacted] was in contact with [redacted] of the Soviet Vice-Consulate in Los Angeles in 1946, and he told him he would see [redacted] later and an automobile registered to [redacted] was observed parked in the vicinity of a CP meeting being held in Los Angeles in 1948.

[redacted]

In view of the unsavory nature of this entire crowd, it is believed we should not contact [redacted] as it is not beyond the realm of possibility that this outfit, through [redacted] would endeavor to embarrass the Bureau. In any interview with [redacted] we do not have the element of surprise, and, of course, we would necessarily be taking a chance of the interview being recorded. It is noted Lambert had apparently considered taping the interview had with him, however, the Agents were most circumspect, and, it is not believed the interview was recorded.

[Julber]

[Lambert?]

b7C [redacted]

RECOMMENDATIONS:

(1) That [redacted] not be contacted because the Bureau stands to lose more than could be gained through such an interview.

I don't agree. I think we should open an investigation on [redacted] and also get a line on Lambert.

I. BACKGROUND INFORMATION:

The Bureau has received anonymously a copy of the November, 1955, issue of "One" which reflects on the outside cover that it is the Homosexual Magazine. The magazine was sent to the Bureau from New York and was postmarked January 21, 1956. On pages 4 and 5 there appears an article entitled "How Much Do We Know About the Homosexual Male?" by one David L. Freeman. Freeman is described as the Circulation Manager of this magazine. In the article, Freeman divides homosexual society into three main groups, one of which he names as the "Tories." He states that the Tories are employed by "Time" magazine, the "New Yorker" magazine, in the diplomatic service, and that "they occupy key positions with oil companies or the FBI (it's true!)." Mr. Tolson noted, "I think we should take this crowd on and make them 'put up or shut up.'" The Director noted, "I concur."

[Rowland]

According to information contained in various issues of "One," it is devoted to dealing primarily with homosexuality and heterosexuality from the scientific and historical point of view. Its stated aims are to promote education and research in the general field of homosexuality.

[Chuck Rowland]

[Rowland] In view of the slanderous statement in Freeman's article, Los Angeles was instructed by air-tel dated January 27, 1956, to locate [redacted] and to interview him in regard to the charges in (his) article. Los Angeles was unable to locate [redacted] but in efforts to find him, they determined that one William Lambert was known as the Chairman of the Board of One, Inc. Agents interviewed Lambert, and he was sarcastic, refused to furnish any information regarding [redacted] and advised Agents that "One's" attorney [redacted] (of Beverly Hills) approved everything that went into the magazine. Lambert then asked the Agents if they had any objection if the interview with him had been taped. Agents were extremely circumspect in the interview with Lambert and advised they said nothing during the interview which could be interpreted other than as setting forth the Bureau's firm position in this matter. Agents also stated they did not believe the interview was actually recorded.

b7C

Los Angeles has advised that the [redacted] mentioned by Lambert may possibly be identical with one [redacted] Beverly Hills, California.

II. BUREAU INVESTIGATION OF "ONE" AND ITS AFFILIATES:

"One" magazine is published by One, Inc., 232 South Hill Street, Los Angeles 12, California.

Los Angeles conducted an Internal Security - C investigation concerning The Mattachine Society, also known as the Mattachine Foundation, Inc., and concerning One, Inc., in 1953. The Mattachine Foundation, Inc., caused One, Inc., to be formed for the specific purpose of publishing "One" magazine. The Mattachine Foundation, Inc., was dissolved and the Mattachine Society established. The stated aims of this society were to educate the public to a better understanding of homosexuals and sex variants and to educate homosexuals themselves for their better integration into society.

The investigation was opened in July, 1953, in view of the possibility that this group might be communist infiltrated or controlled. A closing report was submitted by Los Angeles on December 31, 1953, when it was found there was no internal security interest involved. (100-403320)

III. POSSIBILITY OF VIOLATION OF INTERSTATE TRANSPORTATION OF OBSCENE MATTER STATUTE:

On February 9 and 10, 1956, the November, 1955, issue of "One" was reviewed by our Interstate Transportation of Obscene Matter Desk. They advised that this issue of the magazine is not of a type that has previously been used as evidence for successful prosecution under this statute. In view of this, the question of obscenity of this particular issue should be referred to the Department for its opinion.

IV. MAILABILITY OF "ONE":

Bufiles contain copies of various communications to the postmaster in Los Angeles during 1954 advising that specific issues of "One" should not be refused transmission in the mails. Post Office Department advised that full responsibility rested with the mailer for any violation of law that might be involved. (145-0-119, 175, 190, 230)

Further efforts to locate or identify [] proved negative. No identifiable record on LAMBERT is maintained by the LA division. []

b7D

In view of the foregoing, LAMBERT was recontacted by SAs [] and [] on 2-2-56, at the above offices of "One, Inc." These offices were entered by agents at approximately 11:17 AM and the interview lasted approximately eight to ten minutes. Upon entering, agents found LAMBERT standing behind a small desk in the reception room working on some mail. Agent [] recalled to LAMBERT that he had been in on the preceding Tuesday inquiring about [] and that upon reflection it was now believed that the matter that he wanted to discuss with [] was of interest to LAMBERT. Agents then identified themselves, showing their credentials. LAMBERT grabbed the credentials of Agent [] and sat down at the desk and started copying his name, whereupon Agent [] took the credentials and commented that it was unnecessary to copy everything on them and that he would spell the name of the agent for him, which he did. LAMBERT was then asked whether his name was WILLIAM LAMBERT. In reply, he said, "I might be and I might not." He was asked whether he was the editor of the magazine. LAMBERT replied that he would decline to state. Repeated efforts were made to get LAMBERT to identify himself or acknowledge that he was a responsible official of the magazine. To most of these questions, LAMBERT replied, "You'll have to discuss the matter with our attorney."

b7C

LAMBERT refused to answer questions as to his identity, his position on the magazine or as to the identity or whereabouts

[Julbar]

LAMBERT's attention was called to the article by
FREEMAN in the November 1955 issue of "One" in which he
classified one type of homosexual as "TORIES" and stated
that this type were to be found in "the FBI (it's true)."
LAMBERT appeared immediately familiar with the article,
leaving the impression that he had either edited it or had
written it himself.

b7C

LAMBERT was then specifically asked whether he had
any info that anyone employed by the FBI was a homosexual or
a sexual deviate. LAMBERT replied, "Do you have any information
that there are none?" and added, "A writer's sources are always
confidential." LAMBERT was then told that the FBI would not
tolerate any such baseless allegations in this ("One") or any
other publication. LAMBERT replied, "That's an interesting
statement." and laughed. He then said, "Our attorney has
approved everything that goes into the magazine." Agents
repeated that such unfounded statements were libelous and
slanderous and would not be tolerated. Agents then turned
to leave, whereupon LAMBERT said, "By the way, gentlemen,
would you have any objection if this interview had been taped?"
Agents asked whether the interview had been taped. LAMBERT
repeated his question. Agents said they had no objection and
left.

It is pointed out that agents were extremely circum-
spect during this entire interview and nothing was said which
could be interpreted other than as setting forth the Bureau's
firm position in this matter.

During the interview with LAMBERT, it was noted that
he "smirked," smiled and laughed as though he were thoroughly
enjoying the situation. When asked whether he thought the
matter was "funny," he replied that he did not. LAMBERT acted
as though he had anticipated the Bureau contacting him.
